

JURISDICTION ISSUE TO BE SETTLED

**Court Insists on Deciding Point
In McCarn Case in Order to
Avoid Raising of Question Af-
ter Trial.**

Judge Sanford B. Dole entertains some doubt as to the jurisdiction of the local federal court to try the case of the United States against Jeff McCarn, charged with assault with a dangerous weapon. He made this plain yesterday, when, on his own motion, he brought the subject up in open court.

Argument on the question of jurisdiction will be heard before Judge Dole Wednesday of next week at ten o'clock in the morning. Judge Dole was for hearing the question today or tomorrow, but the attorneys for McCarn objected on the ground that Mr. McCarn was absent from the Territory and would not be here before next Tuesday at the earliest.

Like Mexican System.
"It would be like it is in Mexico, where they shoot a man at sunrise," commented Attorney A. S. Humphreys, who asked that the question be heard at a later date.

Among those present yesterday in court were County Attorney John W. Cathcart and three McCarn attorneys, A. S. Humphreys, Joseph Lightfoot and J. Alfred Magoon. When the question is brought up, Wednesday of next week, counsel on both sides of the McCarn case will give Judge Dole the benefit of their views on the question of jurisdiction. An attempt to raise this issue was made by the prosecution recently before Judge Charles F. Clemens, but nothing came of it.

Asks Aid of Counsel.
Touching on the question of jurisdiction, Judge Dole yesterday said from the bench:

"As the probable presiding judge in the case of the United States vs. Jeff McCarn, set for trial in this court on Monday, September 14, 1914, I desire to say to you that I entertain some doubt as to the jurisdiction of this court to try the said case, especially referring to Section 272, of the Penal Code, paragraph 3.

"It is, without doubt, better to have this question disposed of before the day set for the trial, rather than to have it arise after the trial, when, in case of a conviction, a finding that the court was without jurisdiction, would result in the discharge of the defendant without the satisfaction, on his part and on the part of the United States, of a disposal of the case on its merits.

"The court, therefore, desires the assistance of counsel on both sides of the case in the solution of this question, and deems it proper that J. W. Cathcart, attorney for the city and county of Honolulu, be invited to appear in such discussion, in view of the fact that a similar indictment against the same defendant, antedating the proceedings here, is now pending in the first circuit court of Hawaii.

"The court will consider this question on its own motion, and will set an early day for its discussion" by such of the counsel mentioned as shall be able to take part."

DEMOCRATS STEADILY GAINING—M'CANDESS

"I consider my prospects as good as Kauai as they were two years ago, when I received 375 votes," L. E. Mcandless stated yesterday. "There have been some gains on the North Island. The Democratic party is steadily increasing in numbers, and there have been no defections from our ranks. I would say the outlook for a strong party vote is good."

Mr. Mcandless said the election of M. A. Mikaelson of Kona as representative is assured. The Democrats do not nominate any candidate for senator from Kauai. Eric Knudsen will poll the full vote of all parties for that office, he said.

SALVATION ARMY MAN APPLIES FOR CITIZENSHIP

Puck wants to become an American citizen, but this particular Puck is not a Briton. He first saw the light in Germany.

Yesterday morning in the office of the clerk of the federal court, Charles Adolph Puck, a captain in the local branch of the Salvation Army, filed his application for naturalization, which will be heard before Judge Sanford B. Dole in the federal court November 28. Two persons in town know Puck sufficiently well to stand as his witnesses before the court. These are Captain Delmer Stiles and Harry Niles Timmerman. Captain Puck was born at Luttenburg, Germany, February 23, 1885.

Today and tomorrow Judge Dole will take up the naturalization petitions of six applicants who want to become American citizens. Their petitions were filed some months ago, and they who pass will be able to register today or tomorrow and cast their first vote as Americans on September 12 at the primary election. The applicants are: Frank Capozzi, native of Italy; Carl Henwick Brunstrom, Finland; Mava Boota, India; Christian Wilhelm Loria, Sweden; Archibald Smith Gullis, Scotland; and Jose Lopez, Spain.

Bar Association Protests Against Removal of Judge

RESOLUTIONS OF BAR ASSOCIATION

Whereas, this association is informed that the attorney general of the United States has requested the resignation of the Hon. Charles F. Clemens, one of the judges of the district court of this Territory; and Whereas, there has been no previous knowledge on the part of the bar or the community that such action was contemplated, and no opportunity for the public, served by Judge Clemens, or of the bar, which practices before him, to express their views; and

Whereas, no definite reasons have been given for said request, and the removal would reflect on a worthy judge, and tend to destroy the confidence of the community in the independence of the judiciary and weaken the independence of other judges in this Territory;

Resolved, That this Association protests against the removal of Judge Clemens, unless adequate reasons can be shown therefor, of which this association and the community are now ignorant; and

Resolved, That we express our confidence in Judge Clemens' loyalty, judicial impartiality, ability and painstaking care to do justice and decide righteously, and request that no further steps be taken by the attorney general or the President in the matter.

Resolved, That copies of this resolution be sent to the attorney general of the United States and to the attorney general.

RAGGED DESPITE ORDERS NOT TO

**When Hilo Ladies Insisted the
Sailors Had to Dance the Way
the Ladies Wanted.**

What are orders from your skipper when the ladies order otherwise? Disobedience on deck calls for the brig, and some exceptions may be made from the strict letter of the law when you are on the ballroom floor, you have a fair partner in your arms, the music is lilting and lips are pouting.

Thus the tale comes from Hilo that an anti-rag order given to the sailors of the cruisers West Virginia and South Dakota was danced through, and through. The Hiloites had invited the sailors to a hop and shore liberty was granted for the occasion, but the orders posted said, among the other "do's," that the sailors must be decorous and resist any temptations to be rowdy and resist any temptations to be rowdy.

"Let's rag," said the girls to their sailor partners, who proposed old time dances.

"The captain ordered us not to rag," was the answer.

"O well, we don't want to dance any other way," the ladies said, and under the eyes of superior officers the sailors ragged, as did many others.

The dance was a great success, the only criticism being that there was not enough of the beating of Hilo to go around, and some of the guests could not find partners. Weather conditions were partly responsible for the ladies not turning out, for the night was one of downpour.

As the evening wore on, the floor became quite crowded, and local men were requested to keep off the grass and leave the sailors to monopolize the available partners of the fair sex, as the dance was given for the sailors. Sandwiches and soft drinks were served, and when the last dance was over the visitors returned to their ships. It was with a feeling that Hilo had gone ahead on a liberal scale in the effort to give them a good time.

TWO CAVALRY OFFICERS AT SCHOFIELD PROMOTED

Two cavalry officers of Schofield have just been promoted according to late advices from Washington. Captain Louis C. Scherer, Fourth Cavalry, becomes a major, while First Lieutenant William B. Renziehausen of the same regiment is promoted captain in the vacancy left by Scherer.

The order assigning these officers has not been received but it is expected that Captain Renziehausen will remain with the Fourth Cavalry. Major Scherer probably will be assigned to another regiment, the Fourth Cavalry having a full complement of field officers.

ARMY CAPTAIN ENDS TROUBLES BY SUICIDE

Capt. Harrie P. Reed, late of the Fifth Field Artillery, committed suicide recently on the beach at Venice, California, by shooting himself. He had resigned from the army two months previously. Captain Reed had been several times in trouble and had been court-martialed for intemperance and drunkenness.

Captain Reed entered the service in 1898 as a member of the 201st New York volunteer infantry. He was appointed a second lieutenant in the regular army in 1901, promoted first lieutenant in 1904 and became a captain in 1910.

MANY ARMY OFFICERS TO LEAVE THIS FALL

Quite a number of officers in Hawaii and the Philippines will be transferred to duty on the mainland this fall at the end of their foreign service tour, according to the Army and Navy Journal. Thirty or forty officers will leave Honolulu on the September transport, according to the same source of information. The greater part of these must be from the Philippines, as no orders have been received yet at the local army headquarters detaching any officers now serving on Oahu.

Objects to Action of McReynolds "Unless Adequate Reasons Can Be Shown."

By a vote of thirty-two to three the Bar Association of the Hawaiian Islands, at a specially called meeting held yesterday afternoon in the rooms of the Honolulu stock exchange, went on record as protesting "against the removal of Judge Clemens, unless adequate reasons can be shown therefor." The three members voting against the resolutions, which the association passed by such an overwhelming majority, were A. S. Humphreys, J. Alfred Magoon and Joseph Lightfoot.

The meeting was called to order at four o'clock by President George A. Davis, who stated that the members of the Bar Association were called in special session to take action on the question of the attempted removal of Federal Judge Charles F. Clemens by the attorney general of the United States.

Attorney D. L. Withington presented the resolutions, which are given here in full and moved for their adoption by the association. This motion was seconded by a number of members present.

Magoon Criticizes Judge.

J. Alfred Magoon opposed the passage of the resolutions. He told the members of the association of his experience in the trial of the Miller Salvage Company case; referred to the voluminous transcript in the case, which was too long and abridged that Judge Clemens was vacillating in his decision on the bench. Stating that the Miller case was the first tried by Judge Clemens, Attorney L. P. Warren explained that the case referred to had been really three separate actions which had been merged into one and that many things transpired which were no more the judge's fault than it was of others connected with the trial. Mr. Warren made a splendid defense of Judge Clemens' petition.

Robert W. Brecken, former United States district attorney, wrote the association, stating that he was unable to attend the meeting but that he wanted to go on record as endorsing Judge Clemens and that he would vote for the passage of the resolutions which would be introduced on the subject, favoring the retention on the bench of the second judge of the federal court here.

Order Cablegram Sent.

After the passage of the resolutions by the vote of thirty-two to three, a motion was made to have the vote go on record. Immediately thereafter, Magoon, one of the three objecting members, had already left the meeting. A. S. Humphreys stated that he would favor such a motion but that Magoon being already away he did not think it proper to do so at that time.

It was further decided that the president, George A. Davis, and the secretary, E. White Sutton, send immediately a cable message to the department of justice at Washington conveying the gist of the resolutions passed by the association and stating at the same time that certified copies of the resolutions would be forwarded by mail.

Among those present at the meeting were George A. Davis, president; E. White Sutton, secretary; Judge S. B. Dole, W. O. Smith, D. L. Withington, L. H. Mark, A. L. Castle, Judge Frank Andrade, E. C. Peters, A. M. Brown, E. Scott, W. T. Rawlings, C. A. Long, Clarence H. Olson, Judge Alexander Lindsay, Jr., Frank E. Thompson, George S. Curry, Judge J. M. Monrore, Arthur G. Smith, M. F. Messer, Fred W. Milverton, A. L. C. Atkinson, L. P. Warren, Wilfred A. Greenwell, Judge W. L. Stanley, A. S. Humphreys, Joseph Lightfoot and J. Alfred Magoon.

Steamer Henrik Ibsen Brings 6338 Tons for Inter-Island Company.

Possibilities of a coal famine at this port were averted yesterday morning by the arrival of the Norwegian steamer Henrik Ibsen from British Columbia with a cargo of 6338 tons of coal consigned to the Inter-Island Steamship Company.

On account of the non-arrival of the British steamer Strathblane, which was en route here from Australia with a cargo of coal and had to put back, owing to a breakdown in her machinery, the local coal supply has been at a low water mark. Owing to the seriousness of the situation the owners of the Henrik Ibsen were offered a bonus if the vessel was put to top speed in her passage from the North-west.

The vessel will be given all possible dispatch in the delivery of her cargo and it is expected that she will be able to clear for British Columbia for another cargo of coal for this port next Saturday. The cargo of coal on the Henrik Ibsen is the first cargo of this kind from British Columbia that has been brought here in a number of years.

Police Officer M. P. Morahan, who was run down and seriously injured by an automobile driven by William Welsh last month, suffered a relapse and was taken to the Queen's Hospital, where he was operated upon.

Morahan resumed his duties on the mounted section of the police force last week and it is thought that riding horseback aggravated his injury. Morahan sustained a fracture of his skull when he was crushed into by a car driven by Welsh on the Waikiki road while he and several women companions of the Iwilei district were indulging in a joy ride.

SUBSTITUTE FOR CIRCUS PLANNED

**Carnival Program for Carnival
Will Be Complete, Says
Director General.**

"The fact that I may not be able to secure from Germany the several hundred costumes intended for the Circus Comique, one of the main features of the Mid-Pacific carnival next year, does not mean that the probable postponement of this year's carnival is going to have a hole in the program," said James D. Dougherty, director general of the 1915 celebration, yesterday afternoon. "I am now making plans for another event which, if necessary, can be substituted for the Circus Comique and which doubtless will be just as attractive and interesting."

Order May Be Filled.

A short time ago, the carnival directors authorized Mr. Dougherty to purchase from Germany, through H. H. Hackfeld & Co., several hundred unique and picturesque costumes and effects for the proposed circus, to cost 4700 marcs. Owing to the war in Europe, Hackfeld & Co. have notified Mr. Dougherty that it probably will be impossible to have these costumes made.

"It may be possible that the trouble in Europe will cease to such an extent that the costumes may be made and shipped here," says the director general. "However, in case they cannot be secured, another attraction will be arranged to take the place of the circus. Mentioning the carnival plans are progressing most satisfactorily."

To Select Chairman.

Mr. Dougherty expects within a few days to convene the selection of chairman of the various committees which will assist him in making arrangements for the various carnival events. Owing to his experience with former carnivals, George Angus probably will be asked to take the chairmanship of the committee on the Mardi Gras ball which will be held in the National Guard armory. The Mardi Gras ball of this year's carnival was an unusual success, and the next year it is to be carried out on even a greater and more elaborate scale. Several hundred costumes for this ball are to be brought here from the mainland.

RIGHTS OF CITIZENSHIP RESTORED BY PARDON

To the Grant Register of Honolulu and Oahu will now be added the name of Joseph Kumalea, provided he does not fail to register as a voter today or tomorrow. Kumalea may now do this, owing to executive clemency. Governor Pinkham yesterday signed Kumalea's full pardon, and with the same stroke of the pen restored the convicted legislator to his civil rights. Joseph Kumalea was a member of one of the early territorial legislatures, holding down a seat in the house of representatives. He was charged with having certified an eighty-dollar bill presented by another man for "legal services," when as a matter of fact the bill was for lack-ridding about the city by Kumalea's friend. On the charge, he was convicted and sentenced to the local circuit court on June 2, 1904, and twenty days later was sentenced to one year in prison and to pay the costs of court in the sum of twelve dollars and fifty cents.

WIFE BEATER IS GIVEN SUSPENDED SENTENCE

George Wright, who exercised his muscles last week by beating his wife, drew a suspended sentence of thirteen months in the police court yesterday morning. Eleven Filipinos who were caught while trying to woo Dom, were each fined five dollars each to the exchequer of the county yesterday morning. C. L. Crawford imbibed deeply of the cup that cheers, and as a result yielded three dollars and costs when told of the evils of drink. C. L. Briggs failed to appear when his name was called yesterday morning. He forfeited his bail by his non-appearance, thereby enriching the county by six dollars.

Yesterday's Gain Exceeds 100 and Total Enrollment Is Now 9269.

All day yesterday the deputies and clerks in the office of David Kalanika, Jr., city and county clerk, were busy at a handling of a great number of electors who have applied for registration in any one day this season. In all 104 voters appeared in person and registered, while nineteen were received in the form of affidavits. Among the affidavits was that of Charles E. Forbes, superintendent of the public works department. Mr. Forbes is so fully occupied with the duties of his new office, he states, that he has been unable to register in person during office hours.

The total registration last night was 9269, all alive and kicking.

Today and tomorrow are left in which the tardy ones can get their names recorded. At midnight tomorrow the registration will close until the primaries, and the force in the county clerk's office will have a great sigh of relief and devote all their energies to getting the lists ready for the various precincts.

COLLEGE OF HAWAII OPENS SEPTEMBER 8

The new term of the College of Hawaii will commence Tuesday, September 8, the day following Labor Day. It is required that all students be present on that day to register in their different classes.

The President and the secretary will hold office hours at the College daily from nine till twelve this week and request all students intending to enter the college to interview them before the opening day.

BAR ASSOCIATION INDORSES DOYLE

**Suggests Reappointment of For-
mer Japanese Interpreter in
First Circuit Court.**

With only President George A. Davis and Joseph Lightfoot dissenting, the Bar Association of the Hawaiian Islands, at its meeting held yesterday afternoon voted to recommend to Judge Clarence W. Ashford of the first division of the first circuit court, the appointment of Chester A. Doyle as Japanese interpreter of the local circuit court.

The same action was taken at the meeting of the executive committee of the association, held following the general meeting. The committee was unanimous on the subject, and Secretary E. White Sutton was instructed to notify Judge Ashford of the action taken in the premises in regard to Doyle.

Said to Favor Noda.

Doyle was appointed as circuit court Japanese interpreter some months ago, but when Judge Ashford recently succeeded Judge Henry E. Cooper, the resignation of Doyle, as well as those of all other employees whose tenure of office lies entirely with the first judge, was called in and given. S. O. Noda, captain of the Asahi baseball team of the Oahu League and an employee of the local internal revenue office, was yesterday stated to be Judge Ashford's choice for the position of official Japanese interpreter.

Experience Questioned.

While Noda is a fine young man, a native of the Territory and will vote for the first time at the coming primary election, it is claimed that he is entirely unfamiliar with court procedure. Doyle, on the other hand, was Japanese interpreter for many years, leaving the position when he was specially detailed by the judiciary department for special work in connection with the great Japanese laborers' strike of several years ago. He was reappointed as Japanese interpreter some months ago.

MAYOR FERN HOLDS GLAD HAND RECEPTION

Mayor Joe Fern says he is quite certain of securing the Democratic nomination for mayor. He spent most of his time yesterday in the city hall shaking hands with all who came to register. He also shook hands with some five hundred salaried employees of the city and county who appeared during the day at the auditor's office to draw their salary warrants.

Having concluded this strenuous hand-shaking operation, the mayor stated his hand was lame and sore, but that his mind was at rest.

FINAL TESTS TO DECIDE MERITS OF MACHINE GUNS

After several long delays and postponements, the final test to determine the respective merits of the Vickers-Maxim and the Benet-Mercie machine gun is now being conducted at Leon Springs, Texas. The tests are being made by a troop of cavalry and a company of infantry.

In addition to the competitive tests, the board will make some experiments in handling this class of weapon. Many complaints have been made in the army about the new Benet-Mercie gun, and this test is expected to settle the matter and to furnish much valuable information.

PASSENGERS CROWD AMERICAN STEAMER

Crowded almost to capacity, the steamer Ventura left Sydney for this port August 29 and is due here September 12. More than 250 passengers are en route from the Antipodes to San Francisco on this line, according to advices received by C. Brewer & Co. yesterday, leaving accommodations for only eight passengers, when she reaches Honolulu. It is thought in shipping circles that the unusually large passenger list on the Ventura is due to the possibility that the steamer Makura of the Canadian-Australian line will either be taken off the run or delayed in sailing. The Ventura has a full cargo of Australian products, most of which are consigned to San Francisco.

WILHELMINA DUE TODAY WITH 100 PASSENGERS

With more than 100 passengers, the majority of whom are tourists, the steamer Wilhelmina, Captain Peter Johnson, is due to arrive between seven and eight o'clock this morning. She will dock at Pier 15.

The vessel is bringing a large cargo of general merchandise and a number of automobiles. In addition she has a heavy mail load.

Lurline Departs Today.

The steamer Lurline will leave at four o'clock this afternoon from Pier 18 for San Francisco, taking a full cargo of goods, livestock and island products.

WATER FRONT NEWS

**MARINE TIDINGS.
By Merchants' Exchange.**

Friday, August 28.

New York—Arrived, August 27, S. Montano from Hilo, August 1. San Francisco—Arrived, August 22, 1 p.m., S. S. Shogren, hence August 22. Newmarket—Sailed, August 28, S. S. Strathgairn, for Honolulu.
